

## **Report of the Auditor General of Alberta – November 2011** **What's in this edition?**

Government restructuring, announced on October 12, 2011, resulted in changed responsibilities and new ministries. The Office reports on the government ministries as they were prior to the restructuring. However, recommendations are made to the ministries that will have to report to the Public Accounts Committee on their implementation.

The Report will include the results of the following:

### Follow-up systems audits

- Environment — Climate Change and Emissions Management Fund - Use of Offsets
- Finance and Enterprise — Revenue Forecasting Systems
- Health and Wellness — Alberta's Mental Health Delivery System - Progress Report
- Health and Wellness/Seniors and Community Supports — Seniors Care in Long-Term Care Facilities
- Solicitor General and Public Security — Public Security Peace Officer Program
- Sustainable Resource Development — Elinor Lake

### Recommendations from financial statement, performance measures and control systems auditing

- Ministry Annual Reports — Treasury Board and Enterprise
- Advanced Education and Technology — Alberta Innovates-Technology Futures and the University of Calgary
- Agriculture and Rural Development — Agriculture Financial Services Corporation and the Alberta Livestock and Meat Agency Ltd.
- Education — Department
- Energy — Department
- Finance — Alberta Investment Management Corporation and ATB Financial
- Housing and Urban Affairs — Alberta Social Housing Corporation
- Municipal Affairs — Department
